CALL FOR PAPERS

The 62nd International Scientific Conference on Information Technology and Management Science of Riga Technical University (ITMS'2021)

October 14-15, 2021
RIGA, LATVIA
http://itms.rtu.lv

ORGANIZERS
The conference is organized by the Institute of Information Technology, Faculty of Computer Science and Information Technology, Riga Technical University and IEEE Latvia Section

Technically sponsored by IEEE Latvia Section Computer Society Chapter

Honorary Chair: TBA

Organization committee

General Chair: Janis Grabis, Riga Technical University, Latvia

Programme committee co-chairs
Andrejs Romanovs, Riga Technical University, Latvia
Juan Jose Ramos Gonzalez, Autonomous University of Barcelona, Spain

Local organizing chair
Galina Kulesova, Riga Technical University, Latvia

IMPORTANT DATES
Full Paper Submission Date:
2021-08-30
Notification of Acceptance Date:
2021-09-20
Final Paper Submission Date:
2021-10-11

ITMS'2021
The conference aims at bringing together young scientists and researchers from information technologies and management sciences in an effort to promote and encourage cross-fertilization of ideas and tools related but not limited to the general topics of the conference, such as Information Technology, Information Systems, Computer Technologies, Data Science and Processing, System Security and Control, Modelling and Simulation, Automatic Control, E-Commerce and E-Governance, Cloud Computing, Human Computer Interaction, Cyber-Physical Systems, Digital Twins, Intelligent Systems and Internet of Everything.

TYPES OF PAPERS
Conference calls for papers describing theoretical research, R&D, practical implementation activities, results and issues. Papers describing novel paradigms, original directions, or non-traditional perspectives are also encouraged.

TOPICS

Topics relevant for submission include but are not limited to

- Information technology and management
- Management information systems
- Intelligent computer technologies
- Data science, data mining and ontology engineering
- Cybersecurity and IT risks
- Modelling, virtualization and simulation
- Electronic commerce and governance
- Business intelligence and information processing methods
- Internet of Everything
- Cyber-physical Systems, Digital twins
- Management science and related disciplines

SUBMISSION GUIDELINES AND PUBLICATION

English is the working language of the Conference. Papers are limited to six (A4) sized pages. The paper template is available at https://www.ieee.org/conferences/publishing/templates.html

Prospective authors are expected to submit only their own original works. Preference will be given to completed research and authors that showing their familiarity and understanding of ITMS goals and achievements.

Proceedings, published by the IEEE Conference Publishing Services in a volume with ISBN numbers will be subsequently submitted for inclusion in the IEEE Xplore digital library and indexed in SCOPUS and Web of Science. Selected best papers are considered for publication in Latvian scientific journals.

Manuscripts that violate IEEE publication principles will be summarily rejected. If the violation is deemed severe, then disciplinary actions may also be taken by IEEE.

Each accepted paper must be presented at the conference by one of the authors.

No-Show Policy: The Organizing Committee reserves the right to exclude a paper from proceedings and from distribution after the conference, including IEEE Xplore digital library, if the paper is not presented at the conference.

IEEE Conference record number: 52826
